The diagram illustrates a relationship between three methods. On the left, there are two white rectangular boxes. The top box contains the text "JBToolkit.Zip.Native.Zip Archive.ExtractFile". The bottom box contains the text "JBToolkit.Zip.Native.Zip Archive.GetFile". On the right, there is a gray rectangular box containing the text "JBToolkit.Zip.Native.Zip Archive.OpenOnFile". Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both "ExtractFile" and "GetFile" methods likely utilize the "OpenOnFile" method.
